COUNTRYSIDE, IL. 60525-3992

June 27, 2020

To Whom it May Concern:

The International Union of Operating Engineers Local 150 is proud to support the decisive actions that Hilco has taken in recent weeks to complete the Exchange 55 demolition in the safest and most skillful way, with maximum consideration being given to the neighboring community.

Enlisting a skilled local contractor like Heneghan Wrecking, which has an extremely impressive track record on projects such as this, will ensure that all remaining demolition work is completed with exceptional professionalism. Heneghan is familiar with the community and will take all necessary steps to minimize the impact of this project on Little Village.

The mistakes of one reckless subcontractor, which was quickly removed from the project, cannot be allowed to tarnish the good work that Hilco has done and will continue to do at Exchange 55. After becoming familiar with the plans to complete the demolition here, Local 150 has full confidence that the project will finish smoothly, with no interruption to life in Little Village.

Sincerely,

James M. Sweeney
President-Business Manager

International Union of Operating Engineers Local 150
